

YOBAH

# DESKTOP AUTOMATION ENGINEER

Salary - £35,000 to £40,000 (d.o.e)

Holidays - 25 days

Flexible working after a successful probation

We are a fast-growing Microsoft Gold managed service provider based in the Manchester city centre. After our most successful year and winning some exciting new contracts we are on the lookout for our next technical specialist.

The successful candidate will have Intune skills as well as good Windows 10 knowledge. Office 365 support skills would also be beneficial. This role will involve development of one of Yobah's key product sets alongside providing support for the solution.

## Key Tasks

- Experience of deploying Windows 10 via Intune
- Package applications (Windows, Mac) utilising different methods such as MSI deployments and Win32 packaging.
- Mobile Device Management (IOS, Android, Windows 10)
- Bitlocker deployment
- Experience with BYOD (MAM policies)
- Work with Intune Device Configuration policies
- Strong Powershell scripting skills would be advantageous
- Knowledge of Autopilot and provisioning via White glove
- An understanding of Hybrid Azure AD
- 3rd/4th line support

General Office 365 skills would be advantageous as well as any Microsoft certifications that the candidate may have already acquired in the 365/Modern Desktop space.

To apply for this role please send a CV and covering letter to [info@yobah.co.uk](mailto:info@yobah.co.uk)
